

## Resources for Staff

1. The NYC TCTTAC website ([www.nyctcttac.org](http://www.nyctcttac.org)) includes several tools, reports, and other resources that are helpful when working with the behavioral health population.
2. There are also free training resources available on the Center for Practice Innovations Learning Management System (LMS). Many of these online resources offer continuing education for social workers, LMHC, and CASAC, and can be accessed through the links below. If your staff do not yet have logins for the LMS, please have them contact Nancy Covell at: [nancy.covell@nyspi.columbia.edu](mailto:nancy.covell@nyspi.columbia.edu) .
